

Working Group 1 Annual Meeting
Wednesday – Thursday, October 19-20, 2021
The Ritz-Carlton, Cleveland, Ohio

In-Meeting Chat

During the pandemic, we met virtually using Zoom, and members appreciated the ability to “chat” via text. As we return to in-person meetings, we will experiment with continuing to provide a “chat” channel to facilitate dialogue.

The Sedona Rule still applies! Only registered attendees will be allowed into the chat room, and we request that all participants refrain from copying or saving the chat log.

To make it super-easy, we will use Zoom, which by now you are all familiar with. When the meeting convenes, just point your laptop, tablet, or smartphone to this link:

<https://bit.ly/WG1zoomChat>

When you are admitted into the Zoom meeting, **keep your video off and your audio muted**. Open both the Chat and Participants windows (which can be resized and moved about your screen) and keep them open throughout the meeting. You may post questions of the panel, make comments to the whole group, or communicate privately with individual attendees you find in the Participants list.

We hope you enjoy this new way to engage in The Sedona Conference dialogue!
